Art Unit: 2876

1. Applicant's response filed 8/4/05 has been considered.
2. Claims 1-21,33-35 are withdrawn from consideration.
3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter that the applicant regards as his invention.

4. Claim 45 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 45 is currently dependent upon withdrawn claim 9.

With the necessary cancellation of claim 9, claim 45 in its current form would become incomplete. Appropriate correction is required.

5. Claims 22-32,36-44,46-101 are allowed.
6. Applicant's arguments, see the amendment, filed 8/4/05, with respect to the rejection(s) of claim(s) 22-32,36-101 under 35 USC 251 have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, upon further consideration, a new ground(s) of rejection is made to clarify an apparently inadvertent error (see 112 rejection above). Applicant argues in response to the examiner's previous holding that the term of parent application had expired, that the applicant had in fact filed the appropriate maintenance fees in the parent application. The examiner agrees that the maintenance fees have in fact been paid; apparently the previous Office Action in the current application was produced during the processing of the maintenance fees paid on the parent application. Also, the applicant argues that there was not attempt to recapture as stated in the previous Office Action. The examiner

agrees. The examiner apparently used the incorrect "form paragraph" when producing the previous Office Action. Any inconvenience is regretted.

7. Applicant is reminded that the withdrawn claims 1-35,36-101 must be canceled before the current application may pass to issue.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Karl D. Frech whose telephone number is (571) 272-2390. The examiner can normally be reached on maxi-flex.
